CIRCULAR

The University is taking all possible steps to effectively contain the spread of COVID pandemic on the CUK campus. Despite our best efforts the COVID positive cases are on the rise. The medical and administrative support is extended to the students and the staff tested positive.

The University has decided to run online classes till the situation improves. The students who have health issues, who suffer from chronic diseases and who wish to go back can consult their parents and take the decision to back to their native places. Such students have to take their luggage, vacate the rooms and hand over the keys to the wardens of their respective hostels.
